

We are excited to introduce you to ParentsWeb and the use of our database RenWeb. As CHESS Christian School pursues contagious learning opportunities, we are continuing to utilize our database for record keeping, attendance, lesson plans, schedules, assignments, lunch orders and more! RenWeb allows important CHESS information to be at your fingertips!

Please take a few minutes to view the following information to best learn about this tool and what it means to your family.

Please click on the following link and enter the Password: ParentsWeb <https://vimeo.com/126932181>

To go to ParentsWeb please visit our website and click the ParentsWeb link at the top of the page: <http://chesschristian.com/wp/>

To learn how to access ParentsWeb please click: [How to Access ParentsWeb Visual](#)

Important things to note:

- Your email address MUST be on file at CHESS to be able to login. If you have more than one email address you must be using the email address supplied to CHESS to login for the first time. If your login does NOT work and you need to update your email address please email hkempe@chesschristian.com.
- ParentsWeb is web based and included to all CHESS families. There is a ParentsWeb app that is available at the google play/app store but this is NOT required.
- FireFox or Internet Explorer are the browsers of choice. ParentsWeb does not work effectively with Chrome at this time.

Please do not hesitate to contact me with any questions you have, or if you are unable to create your ParentsWeb account. You will use your account to select your students' classes.

We are thankful for each of you and your partnership. We are humbled by the Christian community that the Lord has brought together and look forward to what the Lord continues to do at CHESS.
